Thank You

We had our wedding in June 2024 and couldn't have asked for anything more from Dino and his team. Carol, our wedding planner was so helpful and suggested some things we should/shouldn't do that we would never have thought of.

From getting the venue refurbished and finished in time for our special day to the finer details like having our names on all the plant pot labels along the pathway, everything was thought of and finished off beautifully. Dino kept us informed of the progress on having the venue ready and reassured us when we were panicking about missing something.

He and his team were fantastic on the day and no request or last minute change was too much and they remained so calm the whole time. Everyone commented on what a lovely venue it was and how relaxed the day was and none of it would have been possible without them. Thank you for helping us create our perfect wedding day.
